counter-piracy mandate for so long as the threat of pirate action groups exists.

- 1- Revision of BMP 4 High Risk Area
- 2- New map illustration

2- New map illustration:

The new map which illustrates the High Risk Ares has been attached on the next page.

1- Revision of BMP 4 High Risk Area:

The High Risk Area is now defined as being bounded by:

A) In the Red Sea:

B) In the Gulf of Oman:

C) Eastern limit:

D) Southern limit:

Latitude......5°S

It is not anticipated that there will be a need to publish a fully revised version of BMP 4 to incorporate these changes.

Whilst the revision re-designates the area considered to be at a high risk of Somalia-based pirate groups, it is stressed that these groups retain the ability to attack at historical limits of their activity.

Any lowering of guard in the region is likely to present an opportunity for a resurgence of pirate activities. Therefore, along with the commitment to its own security responsibilities, the shipping industry remains fully supportive of continued military deployments on a
